How do I find sub-categories?

There are a few ways to select sub-categories:

Option 1 - Using the Breadcrumb selector.

First, select the main category on the front page:

The screenshot shows the RC Trader website interface. At the top, the logo "RC TRADER" is displayed on the left, and the user status "Welcome, Guest (Register | Login)" and "Current Live Users: 383" are on the right. Below the logo is a navigation menu with links: Home, Register, Sell, Search, Stores, About, Help, and a dropdown menu for "All Categories". A banner advertisement for "DJI Phantom 3 Drone" is visible, featuring a drone image, the text "DJI Phantom 3 Drone", and a "Buy Now" button. Below the banner, there is a "Categories" section with a list of items: "New items (162)", "Used Items (82)", "Wanted (168)", "Services (3)", and "Club Info (7)". A hand cursor is pointing to a red circle containing a plus sign (+) next to the "Used Items (82)" link. To the right of the categories list, there is a section titled "RC Trader - FREE RC Classifieds!" with the text "Australia's largest dedicated Radio Control classified listings & trading site." and instructions: "To view the listings from a specific category, select one of the categories below. To contact the sellers, first register, then login." Below this text are three buttons: "SUBMIT A LISTING", "HELP", and "HOW IT WORKS". At the bottom of the featured listings section, it says "NO FEATURED LISTINGS TO DISPLAY".

Click on the link "+ Select Sub-Category" in the breadcrumb area. If you are at the lowest sub-category, this option will not be shown.

You can always move back up the categories by clicking the name of the preceding category.

Option 2 - Using the Navigation Bar Dropdown.

Clicking on the navigation bar dropdown will show you all available categories and which category you are in. Remember the two top categories are New and Used, so many categories will show up twice in this dropdown.
